First Time Orders

Please Follow These Instructions:

1) Wearing your boot socks, stand on this sheet of paper. Distribute your weight evenly on both feet. Holding a pencil straight up and down, outline each foot. It's okay to overlap tracing lines.

2) Measure the circumference of your foot at the heel, instep and ball with the paper tape provided, as shown on the diagram. Gently pull tape snug. (For an accurate measure, sit down and cross the leg of the foot to be measured over your other leg at the knee.

3) Measure around your leg at 6", 8", 10", 12", 14" and 16" intervals from heel to desired boot height. Example: if you want a 10" height boot, send us your 6", 8" and 10" measurements.

4) Indicate your normal boot or shoe size.

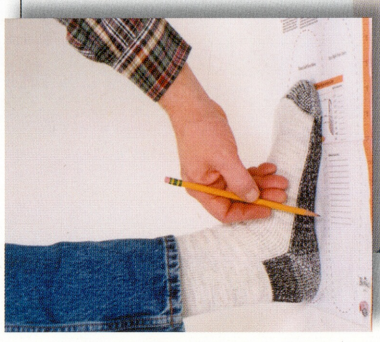
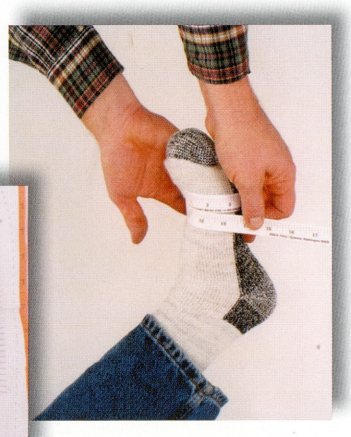
Measuring Made Easy





First time orders, please use the attached order form or use plain paper and follow these instructions exactly to assure best results:

1) Wearing your boot socks, stand on this sheet of paper. Distribute your weight evenly on both feet. Holding a pencil straight up and down, outline each foot. It's okay to overlap tracing lines.

2) Measure the circumference of your foot at the heel, instep and ball with the paper tape provided, as shown on the diagram. Gently pull tape snug. (For an accurate measure, sit down and cross the leg of the foot to be measured over your other leg at the knee.

3) Measure around your leg at 6", 8", 10", 12", 14", and 16" intervals from heel to desired boot height. Example: if you want a 10" height boot, send us your 6", 8" and 10" measurements.

4) Indicate your size of boot or shoe normally worn.

White's Gift Certificate:

White's Gift Certificates are available for any occasion. To order, simply write "Gift Certificate" under description on the order form and indicate the desired amount in the price column.

Trace Left Foot on Red Dotted Line

Trace Right Foot on Green Dotted Line

First Time Orders

Please Follow These Instructions:

1) Wearing your boot socks, stand on this sheet of paper. Distribute your weight evenly on both feet. Holding a pencil straight up and down, outline each foot. It's okay to overlap tracing lines.
